Our Chamber of Commerce

Friday evening of last week was the time set for the purpose of organizing a Board of Trade in Sonoma and as the hour drew near autos began to arrive from every direction—filled with members of the North Bay Counties Association and residents of our valley.

Men appeared in their best bib and tucker and followed in the wake of the association to the City Hall where they held their regular monthly meeting.

This session was held before the time for the banquet and our residents had ample opportunity to get an insight into the workings of the organization.

During this session a contract was signed with an eastern firm to charter an advertising car for the purpose of showing the eastern people what is produced in Imperial Sonoma. This car is to be equipped with products of the north bay counties and sent throughout the east, distributing literature etc.

At the close of the session of this father body all assembled at the Toscano Hotel where Mine Host Ciucci had prepared a banquet which was of the finest obtainable and had spared no pains or money to make it a success, and we voice the sentiment of the seventy-one when we say that Ciccui can put up a fine spread and that all enjoyed the feast.

Fred. T. Duhring presided as toast master and called on the following guests who responded; W. A. Mackinder, of St. Helena; Mr. Roberts, of Napa; Robert Newton Lynch, of Petaluma; J. A. Ruddick, of Ukiah; C. E. Humbert, of Cloverdale and E. L. Finley, of Santa Rosa.

Al. Boriini, of Santa Rosa, rendered a number of splendid solos and brought down the house by his imitations of several languages.

Finally Mr. Duhring, as president pro tem, called the temporary Board of Trade to order.

W. A Werner, Clerk pro tem, read the minutes of the preliminary meeting which was received and placed on file.

The next form of business was whether or not we should organize into a permanent organization and a raising vote proved every one present most anxious to continue and organize for the purpose of boosting Sonoma Valley.

After a short discussion it was decided to change the name of the order from the Board of Trade to the Chamber of Commerce as all our sister cities had an order of that name.

The next in order was the election of officers which were as follows:
F. T. Duhring, President;
A. Pinelli, vice President.

BOARD OF DIRECTORS

Robert Potter Hill, J. K. Bigelow, G. W. Reed, Carl Dresel, Capt. H. E Boyes, Jesse Prestwood, G. H. Hotz. M. E. Cummings and F. W. Dobbel.

The directors were empowered to elect their own secretary as well as to appoint others on the board and given full power to act.

It was decided to join the North Bay Counties Association as that order is the parent order of all the Chambers of Commerce of the five counties and will give Sonoma a helping hand and distribute literature, lecture and show steriopticon views daily in the Ferry Building in San Francisco.

A letter was received from Mrs. N. P. Stofen, president of the Woman's Improvement Club, welcoming the new organization and expressing their co-operation and well wishes. The letter was greeted with cheers and was throughly appreciated by all.

All in all this New Chamber of Commerce bids fair to become very inthusiastic and without a doubt will have a large membership whose watchword will be, "Boost, don't knock."

The following is a list of those who have already joined:

J. H. Murray, A. W. Adler, O. R. Rufus, A. Froment, Carl Dresel, H. Weber, S. D. Glaister, F. T. Duhring, P. N. Stofen. Henry R. Gundlach, E. T. Allen, J. K. Bigelow, T. J. McQuiddy, Jas. A. Landsborough, O. L. Hose, Claude Johnron, S. Sebastianni, Capt. H. E. Boyes, A. Appleton, E. H. Cliff, Wm. F. Clewe, A. Pinelli, W. O. Hocker, J. M. Cheney, H. F. Bates, Henry Watters, Robert P. Hill, F. W. Dobbel, W. A. Werner, G. W. Reed, C. L. Newman, Paul Mosner, M E. Cummings, W. H. Bridges, W. S. Miller, O. Wagner, H. B. Shaw, G. H. Hotz, Charles Arthur, H. D. Barmester, Jesse F. Prestwood, M. P. Akers, R. L. Watt, W. J. Clements, T. J. McGimsey, S. H. Haven, Arthur Mosso, Dr. Hayes, John Wagnon.

Big Balloon Meet

If all the plans now under way for the Portola Festival materialize, and it is almost a certainty they will, the celebration will be the biggest ever held in this country or in any other country.

The energetic Executive Commitee in San Francisco is not stopping at the size of things as is shown by the acceptance of the invitation by President Taft to open the festivities on October 19th. The coming and the participation of the President of the United States in an affair of this kind itself assures its success.

The coming of warships from the various European countries will make a naval demonstration in the harbor of San Francisco never before equaled in the world.

When an idea begins to grow it is not known where it will stop, as for instance the big balloon race now being arranged to start from San Francisco on some day during the the Festival week. Already eight of the biggest ballons in this country have been secured to make an ascension in October. Roy Knabenshue, the daring aviator. Capt. Von Tassel, one of the most experienced balloonists in the world, and two million fires whose hobby is ballooning, have pledged themselves to enter their big balloons in this race.

Invitations are now going out from the Secretary's office to all Aero Clubs and unattached balloonist in the United States, and no doubt with the influence that will be brought to bear and the attractions offered, a mammoth balloon meet will be held.

To Share in "Strike"

We clip the following from the San Francisco "Call."

The request for a match Sunday brought Hugo Chance, a young mining engineer of San Rafael, face to face with a friend whom he had not seen for 14 years, and incidently gave him the opportunity to gain a fortune in the frozen north.

Chance was sitting in the lobby of the Central Hotel beside a man whom he believed to be a stranger. He asked the other man for a match and as he took the proffered light he recognized his companion, as Gus M. Cornelius, a mining man with whom he had prospected for gold 14 years ago in Alaska.

"I have been searching for you all over the country," said Cornelius after excited greetings had been exchanged. "I struck it rich on one of the claims we had located together, and I have cleaned up quite a snug little pile already. But half of the mine is yours, and before I worked any longer I wanted to find you and ask you to go back with me and share the work and wealth."

Chance is overjoyed at the discovery of his old friend and his new found fortune.

"Cornelius and I were partners years ago in Alaska," he said, "and he is the squarest fellow alive. We staked out a number of claims together, one of which is located about 30 miles above Dawson, and it is upon this that Cornelius made the strike which means a fortune for both of us. He knew that my former home was in San Rafael, but when he came here two months ago he could find no trace of me, as I had gone to Reno. He said that the mine is rich is free milling ore and that he has already taken out many thousands of dollars worth of gold. He has been searching for me, off and on, for more than three years, and it was only by the merest chance that we met today. The poets have said there is nothing in a name, but mine is "Chance," and it certainly is appropriate,,

The two men leave for Dawson on the steamer Queen, Tuesday next, to take charge of the mine which Cornelius left in charge of a trustworthy foreman.

Uncle Jake Raney

"Uncle Jake" Raney for sixteeen years a supervisor of Napa county, dean of the Napa democrats and and a resident of the county since 1851 was found dead in his bed Saturday evening. Heart trouble was the cause of his passing.

Though Raney retired from active life two years ago because of blindness, he has been hale and hearty otherwise, and when he went to bed Saturday evening he was fairly well. Fifteen minutes later when his wife went to speak to him, the veteran was gone.

It is said that the death of his nephew, former Supervisor Will Raney, who died two weeks ago, broke the old man's heart.

He was a native of Kentucky aged 81 years.

While Joseph Bognuda of Sears Point was traveling home Thursday night of last week with a lumber wagon and mowing machine attached the young man left the wagon and while trying to get on the mowing machine he lost his footing and fell, driving the stem of the oil can through the palm of his hand. At present he is getting along nicely.

George D. Collins, convicted of perjury and sentenced to fourteen years at San Quentin, has filed a petition with Govenor Gillett asking for a pardon. The petition states that in October, 1905 Collins was indicted on a charge of perjury contained in an answer in a civil action brought in May of that year. He states that the action was never brought to trial and that the matter of the truth or falsity of the deposition was never established in the trial. The action was brought by Charlotte Newman, styling herself Charlotte Collins, for maintenance. Collins says the allegation in the action that Cearlotte Newman was his lawful wife was false and this allega on was the basis of the charge of perjury upon which Collins was convicted.

Hyde Ranch Subdivided

The Hyde ranch near Vineburg is now to be divided into small tracts to suit purchaser and G. H. Umbsen & Co., of San Francessco have it in hand.

This firm is well known and have a business standing that is of the best and when they take ahold of any proposition they carry it through in a thorough manner.

It is the intention of this firm to install telehpone and electric light systems and they will not allow any unsightly buildings put up, all buildings must be painted, stained or white washed. There will be a large reservoir above the tract and purchasers will have all the conveniences of a city life readily at hand.

Fredrick T. Knewing, manager of the Country Land Dept. of this firm, is in town and will establish an office in the Union Hotel, which will be permanent and where he can be seen at any time.

It is with pleasure we learn of their becoming interested in our valley and that they are satisfied that Sonoma Valley is the best place for people to locate in and we sincerely hope that this piece of property will act only as an introduction for them and that they will be with us always, and will subdivide many of the tracts of good land in this valley —inducing many families to come here and learn of the excellent advantages of our soil and our most delightful climate—the best in the world.

Let us one and all join hands with this firm and give them all the incouragement possible for we must recognize that this move is one of the best possible for us as it will bring us, good reliable citizens who will help develop Sonoma Valley. Read Umbsen & Co's. large ad in another column.

Important Meeting

On Friday afternoon, June 18th, at 2 o'clock the first annual meeting of the Grape Growers of California will be held in San Francisco in the Assembly Hall of the Merchants Exchange building (second floor), on California street, between Montgomery and Sansom streets. Delegates will come from every section of the State, and the meeting promises to be a very important one to the viticultural industry of California.

Nearly all of the eighteen co-operative association have called special meetings to discuss matters that shall come up for consideration, to set the grape growers to sign the agreement sent out by the central organization to pledge themselves to pay 10 cents per ton to the wineries on the grapes grown in their vineyards, for the campaign of education fund, and to name those delegates who will attend the meeting in San Francisco.

The Closing Exercises

The closing exercises of the Presentation School where held in Union Hall last Tuesday evening. The hall was packed to the doors and the exercises were thoroughly enjoyed by all.

Space does not permit us giving a detailed account of the affair—suffice to say that each and every number was worthy of much praise.

The drama showed much study and those who took part are to complimented upon their excellent enterpretation of their parts.

The Sisters are to be praised also for their untiring efforts which was the foundation of the whole affair.

Refreshments were served and all enjoyed a dance to close the evening's entertainment.

C. W. Baner, who has been in the employ of Mr. Duhring for the past two months, has gone to San Francisco, where he will work for the Wells Fargo Express Company.

Entertain Friends at Dinner

Last Sunday, Mrs. Stonberg assisted by her sister in law, Miss Agusta Stonberg, entertained a number of their friends at a dinner, at their pretty country home below Shellville.

At an early hour their guests began to arrive and all were given a cordial welcome by the ladies. A fine dinner was served at 1 o'clock, beneath the tall trees in the grove near the house on one long table with nothing lacking in the line of good things to eat.

The day was spent most in conversation and renewing old acquaintances while the young people tramped to the slough and there enjoyed a boat ride "in the boat that was never reached."

Later in the afternoon ice cream, coffee and cake was served in the large dining room, and at an early hour in the evening all departed for their respective homes, after enjoying the hospitality of Mrs. and Miss Stonberg and the former's son, Albert, who did much toward the entertainment of the young people.

These people are to be congratulated on the style in which they entertained, and the day will long be remembered by those present, who were: Mr. and Mrs. Ravins and Mrs. Hansen, of Napa, Mr. and Mrs. Soderberg and son, Capt. and Mrs J. Johnson, Mr. and Mrs. J. P. Englund and son, Mr. and Mrs. A. F. Nelson, Miss Belle Johnson and Miss Lucille Mullen, of Sonoma; Miss Hazel Walcott, Miss Cora Bentley, Miss Nell Filippine, Miss. Kate Hansen, Mr. Theo. Ravins, Chas. Filippini and Will Bentley, of Napa.

A Commendable Movement

A number of citizens of Sonoma, after a few preliminary conferences, met on Tuesday evening in the office of R. A. Poppe and completed the organization of a society to be known as "The Men's League."

The organization is to have neither partisan or sectarian signifience and its sole purpose as set forth in its preamble is to "promote the moral and civic welfare of the community by public discussions, by united action and by such other means as may be desirable." It has a present membership of about thirty and it is desired to add to this such citizens of Sonoma and vicinity who are in sympathy with its objects and will co-operate to attain them. It is planned to hold popular mass meetings on the first Sunday evening of each month in the churches of the town, to be addressed on appropriate themes by speakers to be secured from abroard. The first public meetino will be held in the Congregational church on the evening of July 4th. There will be no membership fee required the funds of the society being secnred by public collections and by assessments. The officers serve for a term of six months, R. A. Poppe and R. H. Platt were elected respectively president and secrctary for the first term. D.

The Sonoma Valley Driving Club are busy with preperations for the coming races on July 5th, and are sparing no pains to make that day a success.

Mr. Miller is training "Coney Island" at Glen Ellen and Mr. McGovern will bring a string of fast horses from Petaluma and train in Sonoma. Our local sports are on the look out for good horses and will be able to pick up a goody number.

Mr. Bruce H. Painter, a graduate of the University of California, has been elected principal of the High School for the ensuing year, vice Geo. C. Russell, resigned. For the last two years Mr. Painter was vice Principal of the Tulare High School, and was in charge of the departments of physics and chemistry. He is a young man of excellent character and pleasing address. The other teachers, Miss Trueblood, Miss More and Mr. Piatt, were re-elected to their former positions.

Wiseman Drives In Big Race Today

Last night Don Prentiss of this city sent ahead a telegram to Chicago to Fred J Wiseman. It contained a greeting to show that his friends will think of him to day when he drivers for the great Indiana trophy just outside of Chicago.

There are eighteen enteries in the contest in which Wiseman will drive his Stoddard-Dayton today. They are as follows: Reynaut, Corbin, two Stoddard Daytons, three Ford, Bruicks, three Clamers-Detroit, two Marions, Moon, two Fal-Cars.

A glance over the specifications of the cars will compete for the Indiana trophy, as furnished by the "Motor Age," indicates that Wiseman will have to drive some if he wins this race, as he has the smallest car of the eighteen with the exception of one. With the exception of these two cars all the others have a larger cylinder bore.

It was a very plucky thing of Wiseman to get up and go east with the scares on his face still unhealed from the effects of the terrible jolt he got near San Jose in a time beating race, in which his Stoddard-Dayton jumped against a tree, while going three miles ... and his mechanic, ... marvelous escape for their lives. If Wiseman wins to day, and he may do so, it will be a great achievement. The race will take place this afternoon. —Press Democrat.

Hyde Ranch Subdivided

The Hyde ranch near Vineburg is now to be divided into small tracts to suit purchaser and G. H. Umbsen & Co., of San Francessco have it in hand.

This firm is well known and have a business standing that is of the best and when they take ahold of any proposition they carry it through in a thorough manner.

It is the intention of this firm to install telehpone and electric light systems and they will not allow any unsightly buildings put up, all buildings must be painted, stained or white washed. There will be a large reservoir above the tract and purchasers will have all the conveniences of a city life readily at hand.

Fredrick T. Knewing, manager of the Country Land Dept. of this firm, is in town and will establish an office in the Union Hotel, which will be permanent and where he can be seen at any time.

It is with pleasure we learn of their becoming interested in our valley and that they are satisfied that Sonoma Valley is the best place for people to locate in and we sincerely hope that this piece of property will act only as an introduction for them and that they will be with us always, and will subdivide many of the tracts of good land in this valley—inducing many families to come here and learn of the excellent advantages of our soil and our most delightful climate—the best in the world.

Let us one and all join hands with this firm and give them all the incouragement possible for we must recognize that this move is one of the best possible for us as it will bring us, good reliable citizens who will help develop Sonoma Valley. Read Umbsen & Co's. large ad in another column.

Important Meeting

On Friday afternoon, June 18th, at 2 o'clock the first annual meeting of the Grape Growers of California will be held in San Francisco in the Assembly Hall of the Merchants Exchange building (second floor), on California street, between Montgomery and Sansom streets. Delegates will come from every section of the State, and the meeting promises to be a very important one to the viticultural industry of California.

Nearly all of the eighteen co-operative association have called special meetings to discuss matters that shall come up for consideration, to set the grape growers to sign the agreement sent out by the central organization to pledge themselves to pay 10 cents per ton to the wineries on the grapes grown in their vineyards, for the campaign of education fund, and to name those delegates who will attend the meeting in San Francisco.

The Closing Exercises

The closing exercises of the Presentation School where held in Union Hall last Tuesday evening. The hall was packed to the doors and the exercises were thoroughly enjoyed by all.

Space does not permit us giving a detailed account of the affair—suffice to say that each and every number was worthy of much praise.

The drama showed much study and those who took part are to complimented upon their excellent enterpretation of their parts.

The Sisters are to be praised also for their untiring efforts which was the foundation of the whole affair.

Refreshments were served and all enjoyed a dance to close the evening's entertainment.

C. W. Baner, who has been in the employ of Mr. Duhring for the past two months, has gone to San Francisco, where he will work for the Wells Fargo Express Company.

Entertain Friends at Dinner

Last Sunday, Mrs. Stonberg assisted by her sister in law, Miss Agusta Stonberg, entertained a number of their friends at a dinner, at their pretty country home below Shellville.

At an early hour their guests began to arrive and all were given a cordial welcome by the ladies. A fine dinner was served at 1 o'clock, beneath the tall trees in the grove near the house on one long table with nothing lacking in the line of good things to eat.

The day was spent most in conversation and renewing old acquaintances while the young people tramped to the slough and there enjoyed a boat ride "in the boat that was never reached."

Later in the afternoon ice cream, coffee and cake was served in the large dining room, and at an early hour in the evening all departed for their respective homes, after enjoying the hospitality of Mrs. and Miss Stonberg and the former's son, Albert, who did much toward the entertainment of the young people.

These people are to be congratulated on the style in which they entertained, and the day will long be remembered by those present, who were: Mr. and Mrs. Ravins and Mrs. Hansen, of Napa, Mr. and Mrs. Soderberg and son, Capt. and Mrs J. Johnson, Mr. and Mrs. J. P. Englund and son, Mr. and Mrs. A. F. Nelson, Miss Belle Johnson and Miss Lucille Mullen, of Sonoma; Miss Hazel Walcott, Miss Cora Bentley, Miss Nell Filippine, Miss. Kate Hansen, Mr. Theo. Ravins, Chas. Filippini and Will Bentley, of Napa.

A Commendable Movement

A number of citizens of Sonoma, after a few preliminary conferences, met on Tuesday evening in the office of R. A. Poppe and completed the organization of a society to be known as "The Men's League."

The organization is to have neither partisan or sectarian signifience and its sole purpose as set forth in its preamble is to "promote the moral and civic welfare of the community by public discussions, by united action and by such other means as may be desirable." It has a present membership of about thirty and it is desired to add to this such citizens of Sonoma and vicinity who are in sympathy with its objects and will co-operate to attain them. It is planned to hold popular mass meetings on the first Sunday evening of each month in the churches of the town, to be addressed on appropriate themes by speakers to be secured from abroard. The first public meeting will be held in the Congregational church on the evening of July 4th. There will be no membership fee required the funds of the society being secnred by public collections and by assessments. The officers serve for a term of six months, R. A. Poppe and R. H. Piatt were elected respectively president and secretary for the first term. D.

The Coming Races

The Sonoma Valley Driving Club are busy with preperations for the coming races on July 5th, and are sparing no pains to make that day a success.

Mr. Miller is training "Coney Island" at Glen Ellen and Mr. McGovern will bring a string of fast horses from Petaluma and train in Sonoma. Our local sports are on the look out for good horses and will be able to pick up a goody number.

For the last two years Mr. Painter was vice Principal of the Tulare High School, and was in charge of the departments of physics and chemistry. He is a young man of excellent character and pleasing address. The other teachers, Miss Trueblood, Miss More and Mr. Piatt, were re-elected to their former positions.

Mabel Bernice Cundiff

SUPPLEMENT TO

SONOMA VALLEY EXPOSITOR

June 18. Sonoma, California. Vol. XI, No.24

Work On Cutoff

The long talked of cut off between the Northwestern R. R. and the Southern Pacific R. R. at Santa Rosa has been started. Last Sunday morning a large gang of men started laying track and worked hard for one day and completed the track nearly half way. Then work praticially ceased as they have the track layed across a piece of property that the owner intended to get an injunction to stop the cut off.

When this track is completed it will give Sonoma Valley a direct train to Sacramento and Willits and we hope that there will be no more delays. It will pratically do away with the station work at Shellville as nearly all the cars will be transferred from one road to the other at Santa Rosa.

Accepts Appointment

W. O. Hocker has been elected principal of the Forestville School and has accepted the appointment. Mr. Hocker is a first classteacher and the people of Forestville are fortunate to obtain his services. We regret to lose Mr. Hocker and family from our midst and can only hope that Sonoma Valley will be ever held in memory and that they will eventually return to the fold.

Mr. Hocker will move his family to Forestville shortly before the opening of the fall term of school.

He pleaded guilty to a charge of robbery at San Rafael. He is said to have admitted to the officers that he was also connected with the depot robbery at Novato. Little of value was taken from the depot.

THE BADGE OF HONESTY

The above illustration represents the several native medicinal plants which enter into Dr. Pierce's Favorite Prescription.

It Stands Alone The one and only medicine for the cure of women's peculiar weaknesses and ailments, the ingredients of which are printed and placed upon every bottle wrapper leaving the great laboratory in Buffalo, N. Y., where it is made, as Dr. Pierce's Favorite Prescription.

It Stands Alone Not only in respect to its known composition, but also as the only specific advertised remedy for women's diseases which *absolutely contains no alcohol.*

It Stands Alone As the one medicine for women, the makers of which take their patients fully into their confidence and tell them exactly what they are taking. This Dr. Pierce can afford to do because his "Favorite Prescription" is made of such ingredients, and after a working formula that has thousands of cures to its credit—thus placing its merits above criticism.

It Stands Alone As nature's cure for the diseases peculiar to women, and is composed of Golden Seal root, Blue Cohosh root, Unicorn root, Black Cohosh root, Lady's Slipper root and chemically pure glycerine of proper strength, to extract and preserve the medicinal principles residing in the roots employed, for any length of time in any climate. It is scientifically prepared by experienced chemists and pharmacists at the laboratory of the World's Dispensary Medical Association, Buffalo, N. Y.

In the early sixties it was usually the duty of a practicing physician to ride many miles every day on his regular round of visits upon his patients. In those days a young man who had received a careful medical training in one of the best colleges of that day was accustomed to ride ten, twenty and often thirty miles or more, visiting the sick and afflicted. His success was soon phenomenal. Doctors and families called him for consultation to towns at considerable distances by rail. He became especially noted in the cure of obstinate and distressing diseases of women. He had early discovered that by combining the extracts of certain native medicinal plants *in just the right proportion*, without the use of alcohol, his "Prescription" almost invariably *cured* such cases. Later, in order to place this remedy before the public in a shape easily to be procured, he established a laboratory at Buffalo, N. Y., where regularly qualified chemists and pharmacists were put in charge to accurately prepare his "Prescription" and put it in shape for shipment. This remedy, which he named Dr. Pierce's Favorite Prescription, is not a "patent medicine," but is a real prescription of a real physician in a real practice, and hence the name.

Pierce's Pleasant Pellets These tiny, sugar-coated anti-bilious granules regulate Stomach, Liver and Bowels, cure Constipation and Bad Stomach, attended by foul breath. One or two for a laxative, three or four for a cathartic.

This great family Doctor Book FREE on receipt of 21 one-cent postage stamps to cover cost of mailing *only*; or, in fine cloth binding 31 stamps. Address Dr. R. V. Pierce, 663 Main Street, Buffalo, N. Y.

San Francisco should elect Francis J. Heney District Attorney without a dissenting voice.

"The people of San Francisco owe Rudolph Spreckles, The Bulletin and The Call, as well as those who have stood by the prosecution, a debt of gratitude which cannot be paid quickly. The world at large is watching San Francisco to see how that debt is to be liquidated.

"Politicians and political economist everywhere have their eyes on San Francisco. It remains for the people to make good.

"The grafters and the franchise grabbers have made their last stand in San Francisco. Drive them out as you did the racetrack gamblers."

These are the straight-from-the-shoulder remarks of Philip B. Stewart, of Colorado Springs, Colo., who for several years was confidental advisor to President Roosevelt and who was more intimately in touch with political conditions in the inter mountain region than any other Republican supporting the administration.

Fearful of disease, which has already killed hundreds of swarms in the vicinity of Fresno, the raisers of honey bees have asked Ralph Benton, head of the department of Agriculture of the university, to suggest a remedy. Joeb Christman, inspector of apairies of Fresno county, has put up a fight against the disease, but has announced that he is baffled by the strange malady, which threatens to exterminate all the bees in the vicinity of Fresno. Whether a germ disease or some tiny insect has attacked the bees the university authorities have not determined, but the plague is one of the most serious they have yet encountered. It attacks the bee in all stages of development, and differs from the ordinary malady which kills the larva just before being sealed up for the long sleep from which it evolves a full grown insect.

To look for islands believed to exist and to plant a British flag on each is the business on which the exploring steamer Nimrod, which took Lieutenant Shackleton's expedition to the Anartic, has sailed from Sidney, according to a dispatch received by the steamer Makura. No man has ever set foot on Emraid, Nimrod or Doherty, but Capt. J. H. Davis, now commander of the Nimrod, is to seek the islands and plant a British flag on each.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies and by constantly failing to cure with local treatment, pronounced it incurable. Science has pronounced it a constitutional disease and therefore requires constitutional treatment. Hall's catarrh cure, manufactured by F. J. Cheney & Co. Toledo Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucus surfaces of the system. They offer $100 for any case it fails to cure. Send for circulars and testimonials

You ought to have Kodol handy all the time. Everyone at some time—and you can't tell when—has poor digestion, due to many different things, but mostly to eating excessively, or eating wrong kind of food. These little attacks of indigestion are what bring on other ailments, such as other acute indigestion, chronic dyspepsia, and even more serious permanent illness. Kodol is guaranteed to give relief. Try it today. Sold by all druggists.

The necessity of the rotation of crops is well recognized among modden farmers, and now it appears that in India nature is seen practicing the same thing in the forests. The soil becoming exhausted after a long period of one kind of forests, seedling of other species gradually replaced the old trees as they die out. On the Indian soil, the deodar tree has been observed taking the place of the blue pine, pine and oak lowly exchange places, and spruce and silver fir have been noted gradually extending into a forest of failing oaks.

There is'nt any guess work about Kodol. We do not say to you, that it may be or might cure your dyspepsia—we say it will. We know it will, because it is made to digest food you eat, and when your food digests you can't have intergestion—that's all intergestion is—your stomach fails to digest your food. Heartburn, sour risings, belching, dull, heavy feeling and such things are all caused by intergestion. Kodol stops them by digesting all the food you eat. A teaspoonful of Kodol digests 2¼ pounds of food. It is a pleasant, palatable, liquid combination of natural digestive juices and vegetable
